FM1185	The Fitmus Powder Coat Cast Iron kettlebell		Kettlebell was designed around these requirements. Premium Material:started with the highest quality HT250 Iron, not scrap. Void free surface: use a proprietary casting process so each bell have the cleanest finish possible. This allows to have a smooth, comfortable handle. Single Piece Casting: cast in one solid piece, creating a stronger, more reliable handle and a void free surface. The Kettlebell does not use plastic caps, plugs, or patches like lower quality products. Wide Flat Machined Base: chose to machine the base of our kettlebell flat (not leave it as a raw casting) so it sits perfectly on the floor and does not wobble. Finish: Has a matte black powder coat finish that has a great feel and will hold chalk. This feels more natural than a thick epoxy finish. Colors: color coded the handles. By associating each kettlebell weight increment with a different color handle	4KG/9LB- White 6KG/13LB-Gray 8KG/18LB- Pink 12KG/2LB-Blue 16KG/35LB-Yellow 20KG/46LB- Dark Blue 24KG/53LB-Green 28KG/62LB-Orange 32KG/70LB-Red 36KG/80LB-Gray 40KG/88LB-White 44KG/97LB-Black 48KG/106LB-Black	6000Kgs
